SUBJECT: Plea to Address Broken Streetlights in Mylapore

Respected Sir/Madam,

I, Ramesh Kumar, a disheartened resident of Mylapore, am writing to you with a heavy heart. The streetlights in our neighborhood have been non-functional for months, leaving us in darkness every night. It is painful to see children and elderly people struggling to navigate the streets, living in fear of accidents or worse. This neglect has robbed us of our peace and safety, and I humbly request you to restore the lights so we can feel secure again in our own home.
