SUBJECT: Urgent Request for Addressing Water Supply Issues in Anna Nagar

Respected Sir/Madam,

I, John Doe, a resident of Anna Nagar, would like to bring to your attention the severe water supply problems in our area. For the past several weeks, we have been facing irregular water supply, with many households receiving water for only a few hours a day. The low pressure and frequent disruptions have made it difficult for residents to meet their daily needs, such as cooking, cleaning, and bathing. This issue is causing significant inconvenience and affecting the quality of life in our community.

Date: March 25, 2025

Department: Water Supply Department
