SUBJECT: Urgent Help Needed for Flooded Roads in Velachery

Respected Sir/Madam,

I, Lakshmi Natarajan, a desperate resident of Velachery, am begging for your intervention to save us from the flooded roads that have crippled our lives. After recent rains, water has pooled everywhere, seeping into homes and stranding us completely. We are trapped, unable to step outside without wading through filthy water, and no one seems to care! Please, I implore you, send help to clear the drains and fix this nightmare before it is too late.
